2. Minutes of the AGM & EGM

The minutes of the 2nd AGM and agreed without correction. Damon's satellite link was not working at this point.

3. Constitutional reform

Recruitment: The Pettifogging Mr Lucarotti suggested The Village may never go short of players if it changed section 4.2 of the constitution to read "Thus, Village CC will select an XI from anyone in the whole world," thereby putting out XIs which may feature Boutros Boutros Ghali one week and Sister Wendy the next. Although it might be best to avoid selecting Prince Philip and Mohammed Al Fayed in the same squad. So, just as it was when Caspar Will's grandmother, née Miss Can, married his grandfather, The Village changed Can to Will in the hope of future prosperity. [Constitutional amendment 9.2.4]

Positions: In an extensive overhaul of section 69, The Village CC elected to restructure its committee, introducing a director of cricket to assist the captain, combining secretary and fixtures secretary, and electing an Annalist. The new committee being: El Capitan, Doc Crikket, Treasurer, Mr Secs, Social Sec, Miami Vice, Webmaster, and Annal Retentive. [Constitutional amendment 9.2.4]

Vice: The suggestion of Miami Vice captaining the friendly team and El Capitan leading the league team was rejected, so vice will remain vice, pure and adulterated.

4. Resignations

Financial report: Though less so than last season, the Village remains a loss-making venture. After a valedictory speech, and three good terms in power, the Treasurer stepped aside to allow a new man to face the forthcoming election.
